

Selection of Thesis or Term Paper Topic

Term paper or thesis topic is selected using the module "Course Themes" which is available via LMS system and Marketplace

HSE Informational Learning Space

We study not for school but for life!

My Courses	Schedule	Gradebook
Application for the ASAS	Selective Courses	Выбор дисциплин
Minors	Course Evaluation	Employee Evaluation
Thesis/Paper	Auction	Перевод
Заявки на стипендии	Course Themes	Internship
Заявка на ВБМ		

The module includes a list of theses or term papers that are part of the annual individual curriculum (IC). If a student's IC already features the chosen topic the module will only show it with the choice of the topics being limited.

When forming an application, it is mandatory to fill in the following fields: the topic in Russian and English, the language of the paper or thesis, the type (academic, project, startup), the prospective supervisor.

As soon as an application is formed, it will automatically be sent for consideration to the topic supervisor, who can confirm to supervise you or refuse it with an indication of the reason. If the application is confirmed, the system will automatically send it for consideration to the academic supervisor or the manager of the educational programme.

If the application gets rejected, then one must submit another application.

Until the application is confirmed by the supervisor, adjustments can be made to the topic formulation:
