Leadership

Prof. (Dr.) S. B. Mujumdar
Founder and President, Symbiosis
Chancellor, SIU

Dr. S. B. Mujumdar is the Founder and President of Symbiosis, a multi-national, multi-lingual educational institution, who founded the well reputed, multidisciplinary Symbiosis International (Deemed University).

Dr. S. B. Mujumdar was a Professor of a Botany in Fergusson College, Pune. He was a member of Pune University's Executive Council, Senate, Academic Council, and Chairman of the Board of Studies in Botany. He also was ICCR's Foreign Students Advisor for many years and the Chairman of the Educational Committee of FICCI. He is a prolific scholar with several original research articles in national and international scientific journals, several books on Life Sciences, articles on Education and Youth Development.

Deeply touched by the hardships suffered by foreign students studying in India, he established 'SYMBIOSIS' in 1971 with a view to providing them with a 'Home away from Home'. The name Symbiosis, a botanical term meaning *living together for mutual benefit,* was selected by Prof. Dr. S B Mujumdar to perfectly symbolize the concept of *'Vasudhaiva Kutumbakam' - the world is one family;* and his deep, abiding commitment to promoting international understanding through quality education.

In recognition of his unique contributions to education and global citizenship, the Government of India conferred on him the *'Padma Shri'* in 2005 and the 'Padma Bhushan' in 2012. Several other recognitions include Tilak Maharashtra Vidhyapeeth's *D. Litt.* in 2016, the first *Dr. APJ Abdul Kalam Memorial Award* in 2016 in addition to the *Punya Bhushan Award,* FIE Foundation Puraskar, *'Maharashtra Gaurav Puraskar',* Top Management Club Pune's "Excellence in Education" Award, the Rotary club of Pune's 'Service Excellence Recognition Award (SERA)', The Rotary Foundation of Rotary International Paul Harris Fellow, Giant International LifeTime Achievement Award, Lion Gaurav Puraskar, Pune Municipal Corporation's 'Roll of Honour for Life-Time Achievement', Life Time Achievement Awards by FICCI and many others.

Research and Innovation

The Symbiosis Centre for Research and Innovation (SCRI) is dedicated to promoting and facilitating research among students and faculty. The University has established several research centres in specialized and emerging areas such as Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR), Symbiosis Centre for Waste Resource Management (SCWRM), Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN), Symbiosis Centre for Medical Image Analysis (SCMIA), Symbiosis Centre for Behavioural Studies (SCBS), Symbiosis Centre for Applied Artificial Intelligence (SCAAI), Symbiosis Centre for Research on International Higher Education (SCRIHE), Symbiosis Centre for Urban Studies (SCUS), Symbiosis Centre for Climate Change and Sustainability (SCCCS), and the Symbiosis Centre for Ambedkar Studies (SCAS).

- **The Symbiosis Centre for Entrepreneurship and Innovation (SCEI) is a technology business incubator (TBI) funded by the Department of Science & Technology** to be a catalyst of growth for technology start-ups, and to leverage the advanced research capabilities in the areas of health-tech, medical imaging, waste management, artificial intelligence, machine learning, nanotechnology, etc.

- **Symbiosis Health Science and Technology Park (HSTP):** The objective of the SHSTP is to enable formation of products and solutions that address issues faced by surgeons, doctors and allied professionals followed by formation of a start-up around the product and successful launch in the market as a fully functional and efficient business. The objective is to nucleate and nurture knowledge-based and technological enterprises in an environment that drives research, innovation breakthroughs and business. Additional possibilities for research collaborations, proposals, grants and establishment of on-site R&D facility of multi nationals is also envisaged in the near future. It aims to provide the entire ecosystem with end-to-end solution to anyone with a novel idea/s in the medical/biomedical domain and enable formation of start-ups. Ideally, the idea should also be commercially viable and have some social benefit. The resulting solutions and products should be of world-class quality and service at costs affordable to at least the "common man" in India; if not the poorest of the poor.

SHSTP can provide the hard and soft ecosystems that can handhold the individual/s from the ideation stage to market launch for enabling FDA approved products that are indigenously developed at competitive costs for the Indian population. Hard ecosystem may include office space, internet, telephony, appropriate scientific instrumentation within SHSTP and other institutes/centers within the Symbiosis Society. Soft ecosystem may include technical and business mentorship by qualified experts, supporting legal, business and financial services and mentorship by qualified experts, access to pertinent leading institutes and entities across the country that can enable long-term success for the start-ups

SHSTP works in close collaboration with sister institutes within the SIU such as Symbiosis School of Biological Sciences (SSBS), Symbiosis Institute of Technology (SIT) and the outreach arm of SIU viz. SCOPE. Creation of SHSTP Technology Business Incubator (TBI) has been proposed. With the existing research centers and the upcoming SUHRC and SMCW, SHSTP can work with doctors and surgeons in close collaboration to identify their professional challenges and provide best possible solutions for the same.

Internationalisation @ SIU

Symbiosis Centre for International Education (SCIE) is a dedicated centre to promote and ensure internationalisation of all SIU programmes and all its campuses. It's International Promotions & Admissions, Student Events & Relations, and International Initiatives and Collaborations Teams work strategically to achieve these goals and offer a truly international ecosystem for students and faculty.

Committed to building global networks of like-minded individuals and organisations, and promoting research and academic excellence, SCIE also manages the unique Symbiosis Centre for India Australia Studies (SCIAS), Symbiosis Centre for European Studies (SCES), and the Symbiosis Centre for Research in Internationalisation of Higher Research. Its Centre for Engagement with Africa (SCEA) focuses on capacity building in Africa, especially through the many scholarships and freeships SIU offers under its 'Engage with Africa' initiative.
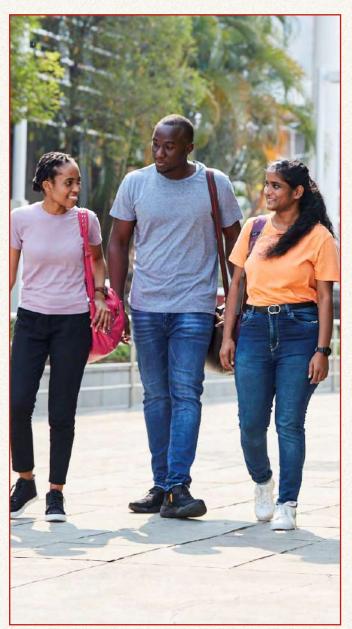

Three Facets of Internationalisation @ SIU:

- **Teaching-Learning and Evaluation:** 1) Student/ faculty mobility, COIL , co-creation of courses, co- teaching, FDPs, Semester abroad-Credit transfer to and from Foreign Universities through Global immersion programme (GIP) 2) SIU - Deakin Hub

- **Joint International Research projects:** Erasmus+, DAAD, UKIERI, GCRF, USIEF, Asia Foundation, SPARC

- **Collaboration for Extension activities:** SIMC and Salisbury University – USA, SSLA and Bournemouth University – UK, SSLA and DePaul University – USA, SSBF and Universitat Pompeu Fabra - Barcelona

Symbiosis Community Outreach Programme and Extension

In tune with its commitment towards Institutional Social Responsibility, the University has a strong Symbiosis Community Outreach Programme and Extension (SCOPE) Centre with the objective of positively impacting the community around the University campus. Under the SCOPE initiative, SIU has adopted several villages and hamlets and provide healthcare, sanitation, waste resource management, finance and banking, digital literacy, legal counseling, scholarships, etc. Family Doctor Clinics (FDCs), Mobile Medical Units (MMU) and vans for Mobile Rural Digital Literacy Labs cater to several villages in the Pune district.

Symbiosis International (Deemed University) Campus, Lavale, Pune, India is rich in scenic ambience, spread across 400 acres having biodiversity in nature with two bandharas (water storage reservoirs) of total storage capacity of about 30,000,000 liters of freshwater, and home to more than 191 species of birds, butterflies, reptiles, amphibians and mammals. The University has developed three butterfly gardens and saplings of more than 200 food plants and nectar plants. Around 40 species of butterflies and many types of moth species are seen on the campus.

Symbiosis Aarogya Dham

A comprehensive, holistic healthcare campus with facilities and
research centers for medical and allied health

In its Golden Jubilee year, Symbiosis established the *'Symbiosis Aarogya Dham'* over 70 acres of land at the Symbiosis International (Deemed University) Campus at Lavale, Pune. The Aarogya Dham consists of all the institutions and related centres /research centres under the Faculty of Medical and Health Sciences. The Symbiosis Medical College for Women (SMCW) is the first fully residential medical college for girls in the state of Maharashtra and offers free medical education to five meritorious girl students for their entire MBBS programme. The 900 bedded Symbiosis University Hospital & Research Centre (SUHRC) attached to this medical college provides free treatment and quality healthcare to the neighbouring villages and community at large. Other significant institutions include the Symbiosis Institute of Health Sciences,
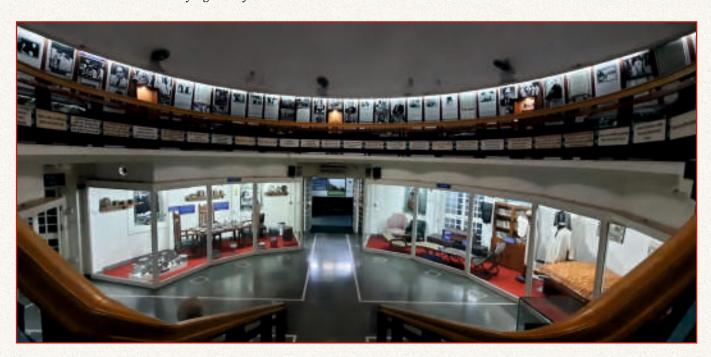

Symbiosis School of Biological Sciences, Symbiosis College of Nursing, Symbiosis Centre for Health Skills, Symbiosis School of Sports Sciences, Symbiosis Centre for Emotional Wellbeing, Symbiosis Centre for Yoga, and research centres in specialized / niche areas.

Museums @ Symbiosis

Dr. Babasaheb Ambedkar Museum and Memorial

Continuing with the spirit of commitment to community development and protection of our rich heritage, Symbiosis established the Dr. Babasaheb Ambedkar Museum and Memorial in 1990, to commemorate the life and personal belongings of Dr. Ambedkar, the architect of India's Constitution. Dr. Maisaheb Ambedkar, wife of Dr. Babasaheb Ambedkar, generously donated all the personal belongings of Dr. Babasaheb Ambedkar to Symbiosis. Some of the important artifacts on display include the urn containing his sacred ashes, the coveted Bharat-Ratna award with its citation, the bed on which he breathed his last, the table and chair on which he wrote the Constitution of India. A critical role of this museum and memorial is to introduce Dr. Babasaheb Ambedkar, who initiated the movement for social justice and equality in India, to the foreign and Indian students; with the hope to inspire them in their personal and professional lives. The Memorial has become a literary haven for students from across the world desirous of studying social justice.

The Afro Asian Cultural Museum

The Afro Asian Cultural Museum was established on 19th December 2001 and was inaugurated by the then President of India, Hon'ble Shri K. R. Narayanan. The museum silently conveys the beauty in diversity & acquaints the visitors with distant countries thereby broadening their horizons. Hundreds of artifacts from various countries offer a glimpse into their lives, and have made a visit to the Symbiosis Society's Afro Asian Cultural Museum an enriching experience for those who would like to learn the culture of other countries.
